NITRO LINE FUEL TUBING

Nitro Line comes in 6 hot colors to add a great look to your vehicle. Our tubing is made from high quality silicone that is durable and will perform just the way it should. With no kinks when coiled and superb gripping on your fittings, Nitro Line is the real professional's choice. 50 foot spools also available.

- 10- 2230 Nitro Line 2ft. (Yellow)
- 10- 2231 Nitro Line 2ft. (Green)
- 10- 2232 Nitro Line 2ft. (Orange)
- 10- 2233 Nitro Line 2ft. (Purple)
- 10- 2234 Nitro Line 2ft. (Red)
- 10- 2235 Nitro Line 2ft. (Blue)

IN-LINE FUEL FILTERS

Our In-Line Fuel Filters are constructed of two threaded aluminum parts which separate for easy cleaning. Includes a 130 micron mesh screen filter to filter out the smallest particles. The O-ring gasket will insure a proper seal against leakage.

- 10- 340 (A) In-Line Fuel Filter (Gas & Glo)
- 10- 833 (B) In-Line Fuel Filter, Blue
- 10- 834 (C) In-Line Fuel Filter, Red
- 10- 835 (D) In-Line Fuel Filter, Purple

- 10- 2207 Pit Stop w/o Kwik Start Glo-Plug Ignitor (Red)

FUEL ACCESSORIES

IN-LINE FUEL CONNECTOR W/ PLUG

Built in plug is perfect for preventing fuel from flowing into your engine while transporting your model. Once you are ready to run, simply re-connect the fuel tubing back in-line.

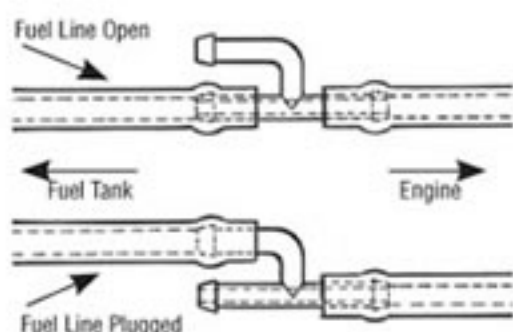

Note: This fitting can also be used on the pressure line (line to muffler) and overflow line. 2/pkg.

Cat. No.	Color	Cat. No.	Color
No.10-945	Black	No.10-947	Blue
No.10-946	Red	No.10-948	Yellow

IN-LINE FUEL FILTER PLUG

The modeler can utilize this item with the DU-BRO In-Line Fuel Filters. Simply install the plug between the two halves of the filter and re-thread the filter back together. Now your fuel will flow as usual, but when transporting, you have an easy to use fuel plug right where you need it.

1/pkg.
