

albatros

be a backyard ace!

ready-to-fly micro electric r/c plane

After opening the box, the only thing you have to do is figure how you want to enjoy up to 10 minutes of air time.

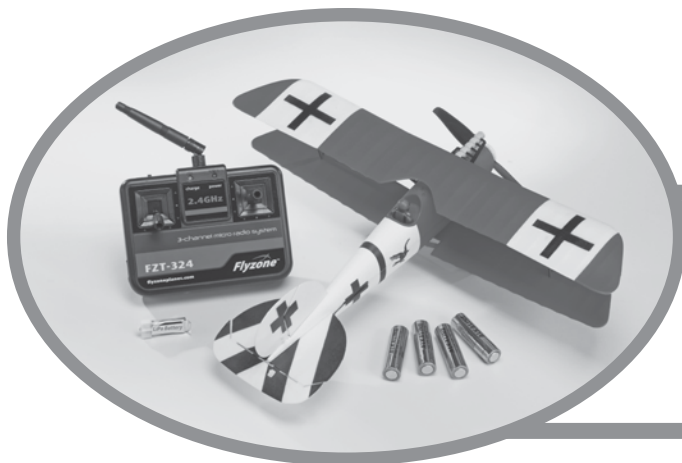

There's little finishing to do, and absolutely nothing to buy; even the four "AA" batteries for the radio are included. Charge the included LiPo pack and you're ready to patrol the skies!

- 100% complete — ready for takeoff in minutes!
- flies for up to 10 minutes — and recharges from the radio.
- smooth, easy 3-channel control
- secure 2.4GHz radio system and high-quality electronics

includes:

- assembled Albatros with pilot*, replica engine and authentic WWI trim
- 3-channel, 2.4GHz micro radio with built-in flight battery charger
- rechargeable 3.7V 130mAh LiPo flight battery
- four "AA" radio batteries

* Requires painting and installation.

HCAA2551

wingspan: 14.5 in (370 mm)

weight: 1.0-1.1 oz (28-31 g)

length: 11.1 in (280 mm)

requires: *nothing!*
